

MAGNOLIA DX ASSOCIATION, INC.

Post Office Box 576

Saucier, MS 39574-0576

Your DXpedition group is receiving this letter in response to your request for our club to support your upcoming operation. One of our reasons for existing is the support of DXpeditions.

With the advent of LOTW and the new OQRS QSLing systems, we as a group have instituted some new guidelines. In the past we have made substantial monetary donations to DXpeditions, only to have our membership be required to make a second donation to receive QSO credit either through LOTW, OQRS or utilizing direct mail.

One of the criteria that must be met before our Club makes a substantial upfront donation, is that we receive some assurance that the members of our club that are making up this pre-DXpedition donation, will receive credit for their donation after they work your operation. If this is not acceptable, we can inform our membership to make direct personal donations to your group in lieu of our Club donating as a group. Please let us know if this agreement is satisfactory with your DXpedition leadership team.

Thank you,

Magnolia DX Association
